Opossum...

I read somewhere recently, that the average female opossum has 13 nipples. Why I found that interesting not quite sure. But I did and to me it is. Go figure.

Coulda woulda shoulda but didn't don't won't...

One of the most beautiful near full moons was bright, bold, beautiful and part of a crystal clear sky this evening. My camera was no where to be found. I always seem to forget, misplace, or am just too lazy to pull it out. I suppose it is just not meant to be. Though I wish it were. It should be a new goal, it could be a new goal and it would be but I know me too well and to fail at one more misguided decision to achieve a goal I never should have set is just one too many. Laziness is evil....and I'm a sinner }:(

Miss Teen USA

I am not sure I understand what the purpose of the Miss Teen USA pageant is. This isn't some rant about the over abundance of beauty related images being thrown at our youth everyday. It isn't even a rant about the idea that we put crowns upon their

heads and place them on a pedestal for doing little other than walking right and looking beautiful that somehow the content of their character means little and their intelligence even less. This is just a simple question...why? Why do continue to parade this spectacle of nothing on our televisions?

Enlighten me.

My mission and I have already chosen to accept it...

... the new advanced version of the mixed tape a mixed cd. But it has a theme. My sisters and I have decided to once a month exchange cds with music compiled for and based on a theme chosen by one of us. In addition to this we will also burn a second cd to go along as a companion to the first. This one isn't based on the same theme this one is the one track over cd. Every song that we chose to put on the first cd but one track over on the album it originated from.

So the first CD theme: Songs you love but are afraid to admit! Track listing to be shared soon.

hallelujah....

Leonard Cohen made it....and made it great. But Rufus Wainwright took it "there" at least he did for me.

The cheese stands alone!

Am I the only one who sees a resemblance between Matt from Nip/Tuck and Michael Jackson? Come on a lil bit. You see it I know you do.

Matt

...found this and had to try. Verdict not bad not amazing but a simple glass for that I need to unwind after a long day feeling.

I wish I were...

...something other than cute. It's funny I am a girl that is in the upper percentile of girls in this world when it comes to looks. I am not bragging or boasting because honestly I am in the average category or at least that is how I see myself based on the things I do in my life. But once I hit a mall or amuesment park I realize i am so so so so more than average. Quite frankly it doesn't matter. In a world of beauty to be thought of as cute can at times be less than ideal. I know it's like a rich man crying poverty when he has to stay at a Marriot but just once I wish a man would say you are so pretty or beautiful, or something other than cute. In the grand scheme it is a problem many girls wish they had and it means absolutely nothing. I see it as a reminder of perception.
